

ZOO

NEW ENGLAND
Franklin Park Zoo • Stone Zoo

THERE ARE SO MANY FUN THINGS
TO DO AT THE ZOO!

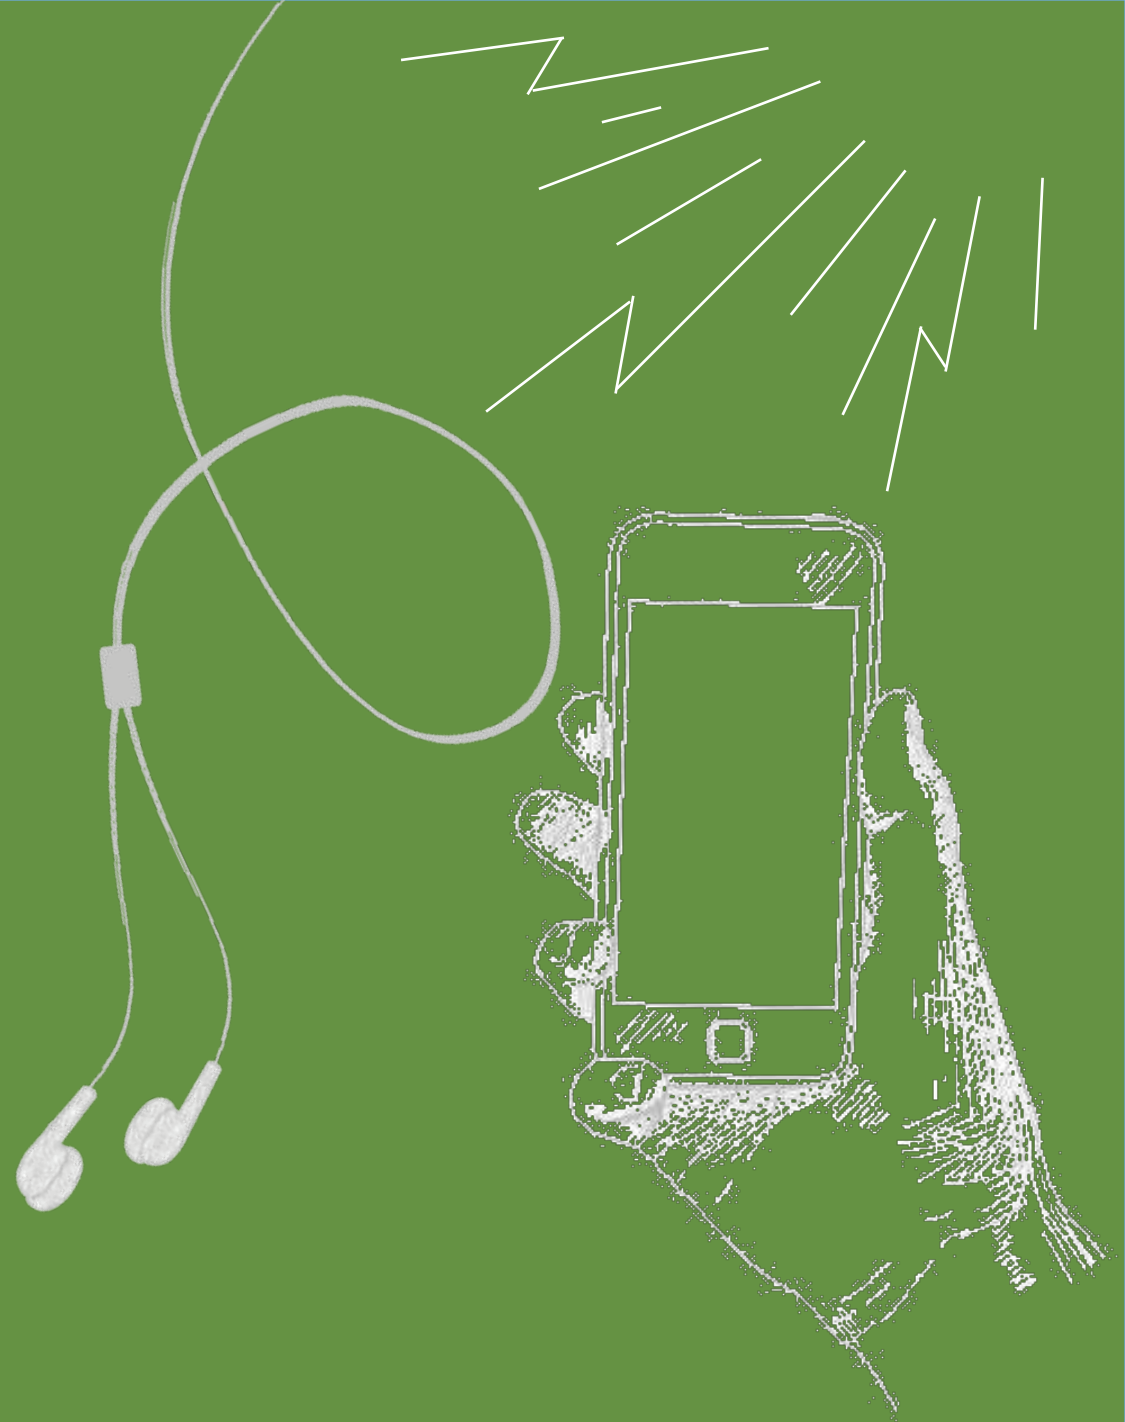

A snow leopard is sitting on a large, dark brown log in a snowy, mountainous environment. The leopard has a thick, spotted coat with dark spots on a lighter background. It is looking directly at the camera with a calm expression. The background is slightly blurred, showing more snow and rocks.

**Planning a trip to the zoo
is fun! Make sure you wear
comfortable shoes so you can
walk long distances!**

PLANNING FOR A TRIP TO STONE ZOO

GENERAL TIPS FOR MY VISIT

- The average zoo visit is around one and a half hours.
- The zoo may become noisy. It may help to bring ear plugs or headphones.
- There may be lines. To stay entertained during periods of waiting, I'll bring my favorite device or activity, like a tablet or book.
- Sights, sounds, smells and movements through the zoo might become overwhelming, so a sensory toy could be useful.

SENSORY BAG

I can stop by the Admissions booth to pick up a special sensory bag filled with items like headphones and fidget spinners to use during my visit to the zoo.

I might have to wait in a line to get my ticket. It's okay to wait in line.

We can also buy tickets online to skip the lines!

SAVINGS TIP: BUYING TICKETS ONLINE SAVES 15% OFF THE PURCHASE, AND RECEIPTS CAN BE APPLIED TOWARDS A MEMBERSHIP!

FINDING MY WAY AROUND

At the zoo there's so much to do and see. I'll bring a map so I can find my way around!

There are signs along the paths to point us in the right direction. I'll follow the paths around the zoo to see the animals.

While I walk around the zoo, I'll stay with my group so we can see the animals together!

Anytime throughout my visit I can ask a staff member for assistance.

The staff love what they do, and are happy to answer questions about the animals.

Staff wear dark green and tan shirts with the ZNE logo.

I'LL ALWAYS TELL A STAFF MEMBER IF I NEED HELP!

EXHIBITS

The animals will be behind fences and glass. Some may even fly around the room! This is their home.

I can talk softly to the animals, but I won't knock on the glass or climb over fences.

Sometimes animals are hiding, sleeping, or playing out of sight. That's okay. We can always visit another day to see them.

Sometimes the zoo may get very loud, like at the playground where we are all so excited to play. Some animals get noisy during the day.

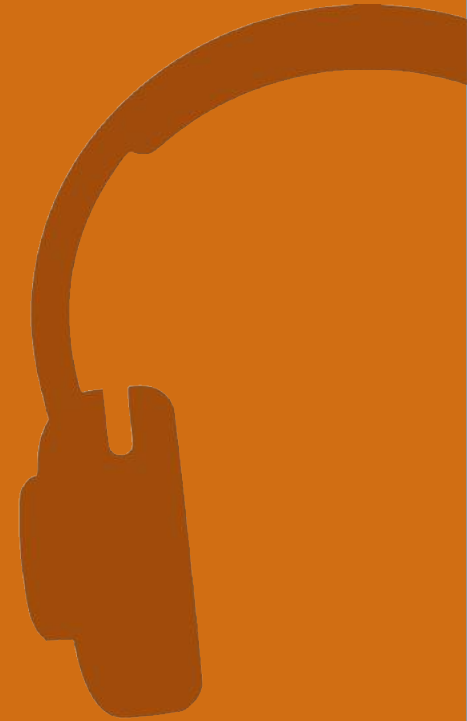

If I don't like the noise, that's okay. There are many fun things to do at the zoo.

IF I TAKE A TUMBLE OR CAN'T FIND MY GROWN UP,
I'LL TALK TO THE STAFF AND THEY CAN HELP ME OUT!
